## PROFESSIONAL SUMMARY

Results-driven Senior Software Developer with extensive experience in developing scalable applications using Python and JavaScript. Proven track record of working with industry leaders such as OpenAI, Nvidia, and Meta. Adept at collaborating with cross-functional teams to deliver high-quality software solutions that enhance user experience and drive business success.

## SKILLS

Python • JavaScript • Software Development • Collaborative Problem Solving • Scalable Application Development

## EXPERIENCE

### Software Developer

OpenAI | Month Year - Month Year

- Developed machine learning models that improved processing efficiency by 30%
- Collaborated with a team to implement innovative AI solutions for user applications

### Software Engineer

Nvidia | Month Year - Month Year

- Contributed to the development of graphics software that enhanced performance for large-scale applications
- Optimized existing codebase leading to a 25% reduction in runtime

### Full Stack Developer

Meta | Month Year - Month Year

- Led a project team to deliver a new social media feature that increased user engagement by 40%
- Implemented RESTful APIs to improve data retrieval speed

## EDUCATION

### Bachelor of Science

Massachusetts Institute of Technology (MIT) | Graduation Year

### Master of Science

Harvard University | Graduation Year
